RE WITTENOOM MINE CLOSURE.

LETTER NO:1

Dear Sir,

It is with great regret that we have to advise you of the decision to cease production of blue asbestos from our mines in Australia. Consequently no orders are being taken for delivery in 1967.

We thank you for your support over many years and we are indeed sorry that we cannot continue our business association.

With kind personal regards,

Yours faithfully,

pro General Manager.

Dear Sir,

It is with regret that we have to advise that production of blue asbestos from our mines at Wittenoom, West Australia will cease about the end of this month. Consequently no further orders for fibre can be accepted.

Rapidly rising cost without any corresponding price increase during the past three years has made it economically impossible to continue production, and it is therefore most unfortunate that our business association concerning asbestos sales must come to an end.

We thank you for your efforts in connection with sales of our product and we regret that the financial results of your work were not more rewarding.

With kind personal regards,

Yours faithfully,

pro General Manager.
