Re: Nevada Power Co. v. Monsanto

Dear Mr. Kotoske:

In accordance with our telephone conferences of December 8 and December 12, attached please find genuine photocopies of your document nos. 203-208, 209-211, 212, and 249 as maintained in Monsanto's files. They are marked in the lower right corner as documents NEV 000001 - NEV 000011. These documents were the type that Monsanto would keep and maintain in the regular course of its business activities and it was Monsanto's regular practice to keep and maintain the documents.

I believe the above and the attached meets with the requirements and agreement that we reached in our telephone conversations and that you have no further dispute with Monsanto's discovery responses.

Very truly yours,

John L. Thorndal
