Dear Bob:

Thanks very much for your prompt reply to my request concerning the reprint of your chapter on lead which will appear in Patty's new volume. I had expected such a reply from the publisher.

However, as far as we are concerned, we do not expect anything to appear which will be better for our purposes, therefore, I plan to follow this up in a year and see what we can do at that time.

Best regards.

Very truly yours,

Don G. Fowler
