re: Frederick Brodala

Workmen's Compensation

Our inquiry of February 4th, 1963 to the Travelers Insurance Company on the above case, indicates that there have been no new developments.. The case has not as yet been reset for Hearing. The primary cause of death was a carcinoma of the left lung but asbestos of the lungs appears to be a contributing factor.

The above information is for completion of your file on the case.

Sincerely

ALEXANDER & ALEXANDER, INC.
