

FOSECO, INC.

INTER-COMPANY AND INTER-DEPARTMENTAL CORRESPONDENCE

TO: F. Dolbow 3/8
J. Salaciak 3/15

FROM: D. B. Woodbury/740

DATE: March 6, 1974

CC: M. Wood
J. Mohr

SUBJECT: OSHA Physical Examinations

OSHA requires that physical examinations be given to those employees in occupations exposed to airborne concentrations of asbestos fibers. Arrangements have been made with Dr. David G. Gillespie, Chief of Pulmonary Diseases, at the Cleveland Metropolitan Hospital to administer these exams.

We are beginning by having each of our pulpers examined, along with supervisors responsible for the pulping areas. These examinations will be paid for by the company and are extremely costly. Everyone's cooperation will be required.

The first appointments will be Friday, March 8, 1974 at 2:30 p.m.. I request that either John Salaciak or Fred Dolbow (but not both) be examined during this first session. In addition, five of the following listed employees are to have their examinations this Friday.

Lanford Pryce 3/15
Darrell Giles 3/15
Ronald Cogley 3/8
Ernest Blankenship 3/8
Marshall Coulter 3/8
David Gunnerfeldt (3/8) S.L.A. 3/15
Rueben Franklin 3/15
Thomas Gearing. 3/8

Please review the information contained in this memorandum with all those employees listed. Make firm commitments with five to have their health examinations Friday the 8th. The exams will consist of medical histories, chest X-Rays, and breathing tests.

Directions are attached in sufficient quantities for each of the employees attending. Provide me with the names of the five employees and one Supervisor who will be examined this week by Thursday morning at 8:00 a.m..

Cleveland, Ohio 44135

Dear Mr. Woodbury:

I received your letter of February 19 pertaining to a progress report on the Citation issued your company January 15, 1974, under the provisions of the Williams-Steiger Occupational Safety and Health Act of 1970. Thank you for the report.

Regarding your request for an extension of time on Item No. 1, I do not have the authority to amend this Citation because the fifteen working-day-period since the Citation was received by your company has expired.

Your letter must be considered as a "petition for modification" and has been referred to the Occupational Safety and Health Review Commission, Washington, D. C. They have the authority to grant your request. I have recommended to them that it be granted.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "Walter Fedyk", is written over the typed name.

Re: OSHA 11-1001 26-7
OSHA 11-1001 26-7

Dear Mr. Brown:

Having received an extension of the abatement date for violations of non-serious items one and two, and granted until April 22, 1974 to abate the violation specified, please be advised that non-serious violations Citation #1 items numbered 1 and 2 are now corrected.

Very truly yours,

David B. Woodbury
Industrial Relations Manager
