EDITORIAL BOARD

PHILIP DRINKER, Chief Editor
55 Shattuck Street, Boston 15

THEODORE F. HATCH, Pittsburgh

ROBERT A. KEHOE, Cincinnati

FRANK A. PATTY, Detroit

FENN E. POOLE, Glendale, Calif.

FRANK PRINCI, Denver

WILLIAM A. SAWYER, Rochester, N. Y.

JAMES H. STERNER, Rochester, N. Y.

RICHARD J. PLUNKETT, M.D., Chicago, Managing Editor

VOLUME 1
1950

PUBLISHERS
AMERICAN MEDICAL ASSOCIATION
CHICAGO 10, ILL.

CONTENTS OF VOLUME 1

JANUARY 1950. NUMBER 1

	PAGE
Significance of Nonoccupational Disability. Robert Collier Page, M.D., New York	1
Toxic Action of Chlordan. E. F. Stohlman, B.Sc.; W. T. S. Thorp, D.V.M., and M. I. Smith, M.D., Bethesda, Md.....	13
Distribution, Effect and Fate of Oil Aerosol Particles Retained in the Lungs of Mice. Milton Shoshkes, M.D., Boston; William G. Banfield Jr., M.D., New Haven, Conn., and S. Joseph Rosenbaum, Baltimore, with the Technical Assistance of Arthur J. Fisk.....	20-
Retention of Vapors and Gases in the Human Nose and Lung. H. D. Landahl, Ph.D., and R. G. Herrmann, Ph.D., Chicago.....	36-
Can Management, Labor and Medicine Work Together for Health? Harry Read, Washington, D. C.....	46
Metabolism of Labeled Carbon Disulfide in Guinea Pigs and Mice. Cornelius F. Strittmatter, B.S.; Theodore Peters Jr., B.S., and Ralph W. McKee, Ph.D., Boston.....	54
The Concept of Rehabilitation Applied to Paraplegia. Morse P. Manson, Ph.D., Van Nuys, Calif.....	65
Importance of Diet in Studies of Chronic Toxicity. Robert H. Wilson, Ph.D., and Floyd DeEds, Ph.D., Albany, Calif.....	73
Composition of Nitrous Fumes from Industrial Processes. Harland A. Wade, B.S., Hervey B. Elkins, Ph.D., and Benjamin P. W. Ruotolo, B.S., Boston	81
Carbon Tetrachloride Poisoning: More Regulation, More Education Needed. W. D. Norwood, M.D.; P. A. Fuqua, M.D., and B. C. Scudder, M.D., Richland, Wash.....	90
The Industrial Physician and Accident Prevention. Ned H. Dearborn, Chicago	101
Chronic Lipid Pneumonia Following Occupational Exposure. J. Paul Proudfit, M.D., Washington, Pa.; H. S. Van Ordstrand, M.D., Cleveland, and C. W. Miller, M.D., St. Louis.....	105
News and Comment.....	112
Abstracts from Current Literature.....	114
Book Reviews.....	131

FEBRUARY 1950. NUMBER 2

Impairment of Pulmonary Function in Anthracosilicosis. Hurley L. Motley, M.D.; Burgess Gordon, M.D.; Leonard P. Lang, M.D., and Peter A. Theodos, M.D., Philadelphia.....	133
Health Service for Hospital Personnel. Joseph G. Norby, A.B., LL.D., Milwaukee	160
Cataract from Infra-Red Rays (Glass Workers' Cataract): A Preliminary Study on Exposures. Karl L. Dunn, Corning, N. Y.....	166
Extending the Potential of Industrial Health. William H. Seymour, Boston...	181
Causes, Constituents and Physical Effects of Smog Involved in Specific Dramatic Episodes. H. H. Schrenk, Pittsburgh.....	189 •

FEBRUARY—Continued

	PAGE
Chronic Pulmonary Berylliosis in Workers Using Fluorescent Powders Containing Beryllium. H. E. MacMahon, M.D., and H. G. Olken, M.D., Cambridge, Mass.....	195
Distribution and Excretion of Intravenously Administered Methyl Chloride. Frederick Sperling; F. J. Macri and W. F. von Oettingen, Bethesda, Md.	215
Vapor Toxicity of 1,1,1-Trichloroethane (Methylchloroform) Determined by Experiments on Laboratory Animals. E. M. Adams, Ph.D.; H. C. Spencer, Ph.D.; V. K. Rowe, M.S., and D. D. Irish, Ph.D., Midland, Mich.	225
Effects of Prolonged Inhalation of Oil Fogs on Experimental Animals. Clarence C. Lushbaugh, M.D., Ph.D., Los Alamos, N. Mex.; John W. Green Jr., M.D., Chicago, and C. Ernst Redemann, Ph.D., Monterey Park, Calif.	237
Toxic Gases and Aviation: Gaseous Concentrations and Altitude. C. R. Spealman, Ph.D., Washington, D. C.....	248
Abstracts from Current Literature.....	254
Obituaries:	
Clarence O. Sappington, M.D., D.P.H.....	267
Book Reviews.....	269

MARCH 1950. NUMBER 3

Simulation and Self Infliction as Encountered in Industrial Dermatology. John Godwin Downing, M.D., Boston.....	271
Reliability of the Urinary Porphyrin Test for Lead Absorption. Rudolph K. Waldman, Dr. Chem., and Roy M. Seideman, M.D., Dr.P.H., Hartford, Conn.	290
Role of Porphyrins in Occupational Diseases: I. Significance of Coproporphyrinuria in Lead Workers. Clarence C. Maloof, M.D., Boston.....	296
Medical Control on Exposure of Industrial Workers to Trichloroethylene. R. Frant, M.D., and J. Westendorp, Eindhoven, Netherlands.....	308
Trichloroethylene Poisoning. Lawrence H. Cotter, M.D., New York.....	319
Solubility of Silica and Alumina. C. M. Jephcott, Ph.D., and J. H. Johnston, M.A., Toronto, Canada.....	323
Toxicologic Studies on the New Miticide bis(Parachlorophenoxy)-methane: I. Acute and Semichronic Toxicity. H. C. Spencer, Ph.D.; V. K. Rowe, M.S.; E. M. Adams, Ph.D., and D. D. Irish, Ph.D., Midland, Mich.....	341
Optic Atrophy Following Inhalation of Carbon Tetrachloride. Adelaide Ross Smith, M.D., New York.....	348
Abstracts from Current Literature.....	352
News and Comment.....	373
Book Reviews.....	374

APRIL 1950. NUMBER 4

Acute Inhalation Toxicity of Beryllium:

I. Four Definitive Studies of Beryllium Sulfate at Exposure Concentrations of 100, 50, 10 and 1 Mg. per Cubic Meter. Herbert E. Stokinger, Ph.D.; George F. Sprague III, M.S.; Robert H. Hall, Ph.D.; Norman J. Ashenburg, M.S.; James K. Scott, M.D., and L. T. Steadman, Ph.D., Rochester, N. Y.....	379
--	-----

CONTENTS OF VOLUME 1

v

APRIL—Continued

	PAGE
II. The Enhancing Effect of the Inhalation of Hydrogen Fluoride Vapor on Beryllium Sulfate Poisoning in Animals. H. E. Stokinger, Ph.D.; N. J. Ashenburg, M.S.; J. DeVoldre, B.C.E.; J. K. Scott, M.D., and F. A. Smith, Ph.D., Rochester, N. Y.....	398
Rehabilitation: The Third Phase of Medicine. Howard A. Rusk, M.D., New York.....	411
Arsine Poisoning: Epidemiologic Studies of an Outbreak Following an Exposure to Gases from Metallic Dross. Louis W. Spolyar, M.D., and R. N. Harger, Ph.D., Indianapolis.....	419
Arsine Poisoning: A Study of Thirteen Cases. Sherman S. Pinto, M.D., Denver; Samuel J. Petronella, M.D.; David R. Johns, M.D., and M. F. Arnold, M.D., East Chicago, Ind.....	437
Relationships Between the Industrial Medical Department and the Private Physician. E. P. Luongo, M.D., Los Angeles.....	452
Injuries Following Continued Administration of Cadmium: Preliminary Report of a Clinical and Experimental Study. Lars Friberg, M.D., Stockholm, Sweden	458
Potential Sources of Error in Blood Lead Determinations Due to Different Methods of Blood Sampling. Rosedith Sitgreaves, M.A., and Irving May, M.S., Washington, D. C.....	467
News and Comment.....	471
Abstracts from Current Literature.....	472
Book Reviews.....	497

MAY 1950. NUMBER 5

Peritoneal Reaction to Injected Fused (Spherical) and Unfused (Spiculate) Quartz: Pathologic Studies. Leslie Silverman, Sc.D., Boston, and Alan R. Moritz, M.D., Cleveland.....	499
The Toxic Properties of Xylidine and Monomethylaniline: II. The Comparative Toxicity of Xylidine ($C_6H_5[CH_2]_2NH_2$) and Monomethylaniline ($C_6H_5N[H]CH_3$) Inhaled as Vapor in Air by Animals. Joseph F. Treon, Ph.D.; Howard E. Sigmon; Howard Wright, A.B.; Francis F. Heyroth, M.D., Ph.D., and Karl V. Kitzmiller, M.D., Cincinnati.....	506
The Industrial Employee with Myocardial Infarction: His Ability to Return to Work. Rufus Baker Crain, M.D., M.P.H., and Morris E. Missal, M.D., with the Technical Assistance of Kathleen W. Wilson, Rochester, N.Y....	525
Toxicologic Studies on Certain Commercial Silicones: II. Two Year Dietary Feeding of "DC Antifoam A" to Rats. V. K. Rowe, M.S.; H. C. Spencer, Ph.D., and S. L. Bass, Ph.D., Midland, Mich.....	539
Evidence of Systemic Effect of Tetryl with Summary of Available Literature. Harriet L. Hardy, M.D., and Clarence C. Maloof, M.D., Boston.....	545
An Electrostatic Precipitator for the Continuous Sampling of Sulfuric Acid Aerosols and Other Air-Borne Particulate Electrolytes. Conrad Schadt, Paul L. Magill, R. D. Cadle and Luman Ney, Stanford, Calif.....	556
Air-Ventilated Clothing for Wear in Extremely Hot Environments. John P. Marbarger, Ph.D., Chicago.....	565
Indiscriminate Administration of Vitamins to Workers in Industry. Council on Foods and Nutrition and Council on Industrial Health of the American Medical Association, Chicago.....	573

MAY—Continued

	PAGE
Abstracts from Current Literature.....	584
News and Comment.....	598
Book Reviews.....	599

JUNE 1950. NUMBER 6

Ninth Annual Congress on Industrial Health: Report of the Panel on Environmental Hygiene.....	601
Pharmacologic Studies of Furfuryl Alcohol. Ephraim A. Fine, B.A., and J. H. Wills, Ph.D., Army Chemical Center, Md.....	625
Parathion Inhibition of Cholinesterase. Harold V. Brown, B.A., and Albert F. Bush, M.S., San Francisco.....	633
Acute Toxicity of Zirconium, Columbium, Strontium, Lanthanum, Cesium, Tantalum and Yttrium. Kenneth W. Cochran, S.B.; John Doull, S.B.; Marcella Mazur, S.B., and Kenneth B. DuBois, Ph.D., Chicago.....	637
Prolonged Inhalation of Cadmium. Frank Princi, M.D., and Erving F. Geever, M.D., Denver.....	651
Incidence of Cancer in the Carbon Black Industry. Theodore H. Ingalls, M.D., Boston	662
Toxicity of Cadmium Sulfide and Cadmium Sulfoselenide Pigments. J. L. Gabby, M.S., Chicago.....	677
Correspondence:	
The Matter of Labeling Hazardous Chemicals. John H. Foulger, M.D., Director, Haskell Laboratory of Industrial Toxicology, Wilmington, Del.	685
Abstracts from Current Literature.....	687
