Sorry to be slow getting back with you. I have some time this Thursday the 24th or Friday the 25th if that works for you. If not it will need to bounce to the week of the 4th. Let me know what is convenient for you

Albert Kelly

Mr. Kelly,

This is Randall Jostes, CEO of Environmental Liability Transfer, Inc. (ELT). We have not met but I have been following closely the communications between you and my colleague, Dr. Underwood. Mark is out of cell range on a camping trip. However, I have checked his schedule with mine and we can be in DC the afternoon of August 22 all the way through to Friday, August, 25. Please let us know what works best for you and your team.

Kind regards,

Randall Jostes
CEO
Environmental Liability Transfer, Inc.
1650 Des Peres Road, Suite 303
Saint Louis, Missouri 63131

If it not too much trouble to you, meeting in DC next week would be better for me. If that doesn't work, I can try a schedule change to come your way. I have more than just myself that I would like in the meeting.

Hi Albert,
It was a pleasure to meet you last Thursday at the Superfund Initiative Roundtable. I think the Roundtable and the preceding Superfund Task Force Recommendations provided potentially beneficial recommendations to facilitate the revitalization of the Superfund Program. To this aim, I believe ELT has some fairly unique viewpoints that can improve some of the recommendations, and we would like to share these with you in a meeting in the near future. Within the focus of our business model (Environmental liability transfers) are opportunities that advance overall objectives of Superfund while using non-traditional approaches.

As I conveyed, our office is in St. Louis. We would be delighted to host you, and I would suggest a time when our Cardinals are in town (Aug 22 to 27, and Sept 8 to 14). If travel is difficult for you and your schedule, I suggest that we could travel to your location.

Please let me know if a meeting will work, and how it might work best for you.

Regards,
Mark Underwood / PhD
Environmental Liability Transfer / EAG
