Hi There,

I'm writing about your new EPA Water Financing Clearinghouse. It's fantastic you have developed a searchable tool for communities to find water-related financing! However, you seem to have left off an important EPA funding source, the Healthy Watersheds Consortium Grant Program. It's possible I missed seeing reference to this program, but I looked carefully. The program information is here, in case you'd like to add it (which I encourage you to do): <http://www.usendowment.org/healthywatersheds.html>
