

Group Takes Housing Stand

At a meeting of the Carmel Unincorporated board this week, the group voted to support any recommendations which may be made by the Monterey County Advisory Committee regarding a proposed 500-unit housing project near Fort Ord.

At the same meeting the directors issued a call for volunteer precinct wardens to serve in Carmel Woods one, two and three.

A letter from the Public Utilities Commission was read in which the commission said it will not advise the Railway Express Co. to extend delivery or collection to the unincorporated areas of Carmel. The letter explained that potential business in the area is not sufficient to warrant such an extension of service.

The membership committee reported a rise of five in total number of members since last year. Total membership in Carmel Unincorporated now stands at 450.

Thomas K. Perry reported that he has sent letters to all residents explaining details of the sewage system now being installed in part of the district.
