Subject: Shanghai Health Study - Planning for the Study Closure

Jerry,

The Benzene Health Research Consortium would like to extend an invitation to you to meet with us to discuss planning for the closure of the Shanghai Health Study. Recognizing that this is an extremely complicated effort and that there are many details to be considered, we would appreciate your contributions. We would like to plan to meet for 2 days during the last 2 weeks of February in Washington DC. We would like an afternoon or morning with you. Would you please let myself and Matt Todd at API know your availability during that time. Thanks.
