ADMINISTRATOR PRUITT'S ACCOMPLISHMENTS INCLUDE ...

Eliminated, substantially or entirely, seven sites from the National Priorities List of contaminated sites; only two sites were removed the previous year. EPA also awarded \$60 million in Brownfields cleanup grants to local communities.

Acted on 322 State Implementation Plans (SIPs) and turned one Federal Implementation Plan into a SIP each month, since March 1, 2017.

Approved 3,000 Total Maximum Daily Loads and cut the amount of time it took the Agency to review state water quality standards in half (from 120 days to 60).

Awarded \$25 million in water infrastructure loans; disbursed \$1.4 billion in State Revolving Funds to improve our nation's water quality; and, awarded \$100 million to Flint, Mich. for water infrastructure upgrades.

Cleared the Agency's backlog of new chemical submissions — containing 600 new submissions as of January 2017 — and ensured that all new chemicals coming to market received a safety determination within about 90 days.
