Dear Mr. Mayo:

RE: Hazards and Safe Handling of: Ethylene Dichloride

In response to your recent request for information on the above-mentioned products, enclosed are copies of the following publication(s):

Bulletin 55A-Ethylene Dichloride
Material Safety Data Sheet (55A)

You should be aware of the hazards, proper handling and use of this product. PPG urges you, and it is your duty, to pass the warnings and information in the enclosed items along to your employees, customers, handlers, or users of such a product. The same principle applies to any product made by you from PPG products.

Even though PPG is furnishing this information to you, it is not necessarily all-encompassing; therefore, it is recommended that you should consult with knowledgeable people of your choice in order to determine whether your safety programs and warnings are adequate and/or in compliance with any laws or regulations.

Please let us know if you would like additional information on this product, or if we could provide you updated editions of the above-mentioned publication when it is available.

Very truly yours,

A handwritten signature in dark ink, appearing to read 'Roy E. Stack', is written over a horizontal line.
