

1 which I am sure was bad, but from a physical
2 standpoint, he was doing okay, wasn't he?

3 A Doesn't say a lot of things. Doesn't say
4 what medication he was on to keep him cheerful and
5 active and doesn't say that two weeks later he is
6 dead. Doesn't say a lot of things.

7 It says at this point in time at 4 o'clock
8 on this day he is cheerful and doing exercises in bed
9 and not having pain. That is all it says.

10 Q But on direct examination you told the jury
11 that it was one of the most excruciating painful
12 diseases.

13 A That is correct.

14 Q All right.

15 A Not every minute of every day.

16 Across the board it is one of the most
17 excruciating painful diseases I have ever seen.

18 Q Were you talking about pleural or
19 peritoneal?

20 A I was talking about mesothelioma.

21 Q October 27th, 1981, did you review these
