A What?

Q Was this in the 1950s, '60s or '70s; do you recall?

A Somewhere around 1959, '60. It might -- I can't remember whether it carried over or not, but that is about when it was.

MR. McGOWAN: Page 63.

THE COURT: A minute and a half left.

MR. McGOWAN: Okay. We are almost finished.

BY MR. McGOWAN:

Q Who else was on the spray team at Bel Air High School beside yourself and Mr. Vandergucht?

A That is it.

Q What part of the building was sprayed?

A Some support beams and part of the boiler room.

Q Do you know how many bags were used in a typical day of spraying in 1959 or 1960s?

A I couldn't give you an answer to that.

Q Would it be more than 15 or 20?
