FILE NAME: ALCOA (ALC)

DATE: 0000

DOC#: ALC024

DOCUMENT DESCRIPTION: # of Employees Screened for Exposure by Location

No discernable pattern. should there be?

FYI

TOB this whole area is a can of worms. Do we require only those currently exposed above the limits?

2) file

Some plants check those w past exposures, others don't.

Location	No. of Employees Being Medically Screened Periodically for Past and/or Present Asbestos Exposure

PLAINTIFF'S EXHIBIT
AC 112

Notes:

Lebanon	This number will decrease with the elimination of certain asbestos-based material.
Pittsburgh	26 employees of the William Penn Hotel were screened to see if they could use a respirator last year, but there has been no follow-up.
Pt. Comfort	Total of 40 = 35 Active and 5 Inactive
Richmond	This number is for x-rays of 3 people in 1983.
Tennessee	6 of the total number given are now retired.
