

MOVING AHEAD WITH MOUND CITY

PANDURA QUICK DRYING ENAMEL

Available in a wide selection of popular enamel colors in mirror-like, high gloss finish. Formulated solely with Titanium Pigments and special synthetic Alkyd non-yellowing type varnish. White stays white longer. Color pigments are of highest quality to provide maximum color retention. One coat covers beautifully on most previously painted surfaces. Dries in four hours. May be subjected to the most exacting tests of exposure and wear. A durable finish for all surfaces, indoors or outdoors. Can be washed repeatedly without injury to the finish. Easy to apply without sags, laps or brush marks.

MOUND CITY HOUSE PAINT

A super quality House Paint in a complete selection of modern colors. Balanced formula of lead, zinc and titanium assures good coverage, maximum wear, and a perfectly uniform finish. Chalks slowly and evenly...reduces checking, cracking, peeling and blistering of film. One coat covers most previously painted surfaces in good condition. Dries over night to a firm, full-oil film. Also available in #600 Super White, a lead-free fume and stain resistant white especially designed for use in industrial areas. Self cleaning - easy brushing-high hiding.

SYN-TUNG ALKYD BRITE TRIM COLORS

Comes in a modern selection of beautiful and brilliant high-gloss colors, fine quality color pigments assure maximum color permanence. Contains no non-covering white extenders to change or fade colors with weathering of film. Alkyd formulation guarantees an exceptionally high gloss, elastic film which is extra durable and highly weather resistant. Ideal for use on any exterior or interior surface where longer-lasting colors are required.
