April 25th, which we just saw, please minimize the health angle as Ira Brought, who is the OCF private investigator we talked about last week, is looking into it further for me.

100 to 1 chances are it is asbestosis, and cannot be hung on fiberglass or mineral wools. If other health problems arise, please keep me posted.

Next is our OCF Exhibit 57.

THE COURT: It will be admitted in evidence.

(Whereupon, Plaintiffs' Exhibit Number OCF 57 was received into evidence.)

MR. SMITH: It is October 1956. Asbestos Workers union.

This week we were given a tip by John Murphy, business agent of the Asbestos Workers union in Hartford, Connecticut.

He informed us that the Boston local of the Asbestos Workers union are conducting an investigation into the lung conditions of their members and that some of the results they found were detrimental to
