Subject: RE: Shanghai Health Study... SRP/ERP availability for conference call ?

Would it be possible to forward copies of the consent documents again prior to the conference call? I know we have discussed these in the past, but it would be helpful to see them again. If that is not possible, it would be important for them to be available in Houston for those who can attend.

All the best,

Shanghai Health Study (SHS) Ethics & Science Review Panels –

Thank you for the prompt replies in our attempt to schedule a joint Ethics & Science Panel pre-meeting conference call...

SRP MEMBERS

Since we cannot assemble a quorum of SRP members, we won't attempt a pre-meeting conference call on scientific issues. These will have to wait until Houston.

ERP MEMBERS

We found one good day for the entire Ethics Panel, and so will host a conference call on Tuesday 25 July focusing specifically on ethics issues and Juhana's outline for the Houston meeting. Available SRP members are also welcomed to participate!
