

February 13, 1946

Mr. Robert E. Dwyer, Executive Vice President
Anaconda Copper Mining Company
25 Broadway
New York 4, New York

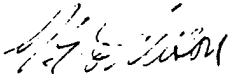

Dear Mr. Dwyer:

I am in receipt of copy of your letter of January 29th to Mr. Laist regarding White Lead Appropriation No. 113 for the installation of equipment necessary to produce lead sulphate from white lead and Zinc Oxide Appropriation No. 171 covering the relocation of packing equipment at the Zinc Oxide Plant.

Your approval of these requests is very much appreciated and will mean so much to the East Chicago plant in being able to produce its own lead sulphate and eliminate dust hazards to our employees.

Thanking you for your approval, I remain

Very truly yours,

GEJ/bm
cc: Mr. F. Laist
