

WANT LOWER TRANSFORMER INSTALLATION AND START-UP COSTS?

0221113

TOWOLDMON0025799

YOU CAN PLACE AN ASKAREL FIRE-RESISTANT TRANSFORMER *where and when you want it placed!!*

0221114

TOWOLDMON0025800

Because of the unique features of an askarel transformer, you can place it right at the point of power usage if you desire. No need to concern yourself with protecting it from contamination, subdue the sound level or run expensive lines from distant locations. You can place an askarel transformer where it best serves your system at the lowest cost.

Askarel fire-resistant transformers are completely sealed against contamination. This eliminates the need for expensive clean-up and drying out. This one fact alone can give you big dollar savings.

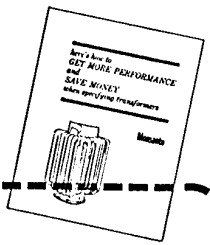

0221115

TOWOLDMON0025801

in addition to this benefit, ASKAREL TRANSFORMERS *offer . . .*

Lower electric bills
High impulse strength
Fire-resistance
Quietness
Reliability

For the complete story on how askarel transformers can save you time and money, ask your transformer salesman for the facts on his askarel units. Just fill in the coupon and we'll send you a copy of our new brochure "Here's How To Get More Performance And Save Money When Specifying Transformers."
