**Subject:** RE: Oil and Natural Gas Roundtable

Hi John,

Thank you for your email and we understand your need to be at the monthly Board of Oil, Gas and Mining meeting. Please keep in mind that the roundtable discussion will continue at the ECOS Spring Meeting in March and the IOGCC Business Meeting in May. We hope you can participate in one of these meetings to share your input.

Please don't hesitate to contact me with any questions.

Thanks,

Jim

**Subject:** Re: Oil and Natural Gas Roundtable

Ken and James,

Please accept my apology and regrets that I will be unable to attend the EPA Roundtable meeting scheduled near the end of this month. We will be holding our monthly Board of Oil, Gas and Mining Meeting during that time and I am needing to be present for that event. Our state legislature is also in session right now and it would be unwise for me to be gone in this time period.

Thank you for the invitation and perhaps I can participate in a future meeting.

John Baza

Dear Oil and Natural Gas Roundtable Participant:

I am pleased to inform you that we have rescheduled the oil and natural gas roundtable for Tuesday, February 27 and Wednesday, February 28 at EPA's Regional Office in Denver, Colorado.

As a previously invited and confirmed participant, you have first right of refusal with respect to participation. Unfortunately, we were not able to secure a bigger meeting space, so seating is limited to the same number of participants as it was originally. If you are not able to attend, you are encouraged to designate someone within your organization to take your seat. We ask that you confirm your participation by 5 pm eastern on Wednesday, February 7, 2018. If you do not confirm participation by Wednesday, February 7, 2018, your seat will be offered to one of the individuals on our waiting list. To confirm your attendance, please send an email to Jim Kenney at [kenney.james@epa.gov](mailto:kenney.james@epa.gov). Jim will provide you with additional logistics and information.

Again, please accept our most sincere apology for the unavoidable postponement of the roundtable. USEPA and its cosponsors - the Environmental Council of the States (ECOS) and the Interstate Oil and Gas Compact Commission (IOGCC) - look forward to hearing all of your individual perspectives on these important issues in Denver.

If you have further questions, please feel free to contact Jim Kenney by email at [kenney.james@epa.gov](mailto:kenney.james@epa.gov) or by phone at Personal Matters / Ex. 6
