is its diagonal fireplace of used brick. Its raised hearth suggests sitting by the fire and lends tremendous charm to the house that until now didn't enjoy the comforts of an open fire.

The pale blue-gray vertical paneling of the family room combines with white trim and ceiling to create a color scheme that echoes the kitchen and establishes a sort of New England country air. The cork flooring is both good-looking and practical. Its noise-muffling quality is especially desirable in such a set-up.

Adding spark to the cool, clean blue-and-white scheme are the red leatherette seats of the white iron bar chairs that match the cheery red formica bar top.

WITH THE NEW ROOM taking over the family's more vigorous activities, the living room proper has assumed a more peaceful feeling of repose that has made it more welcoming than ever. For when the children are playing or watching television in the family room, their parents may retreat into their sage and rose living room that overlooks the roofed terrace and the small rear garden.

This is a restful and thoroughly charming room. Its sedate quality is attributable, in part, to the fact that Barbara and Frank have woven into its decor a number of old family pieces that lend sentiment and stability. Nor are these bits of furniture without humor! Barbara, seeing the possibilities in a once-elegant old hair sofa, had it upholstered in a provincial print that plays up its unusual bolster back and deep cushions. It is just as comfortable as it is charming in its restoration!

The baby's nursery is next to the room shared by Louise and Nancy. A right turn in the short hallway leads to the master bedroom which, like the living room, faces the back of the lot.

It was here that a half bath was added. White shuttered doors provide a decorative note between the bedroom and the new bath with its good-looking shell pink fixtures. A built-in dressing table faces a plate glass mirror mounted on the wall.

The addition of the family room and the bath have had a profound effect on the Hart's house. It has virtually grown up with the family that is growing within it!

DISCOVER new, authentic Treasures. Our custom-made and show-room present original American pieces not shown elsewhere.

Make the switch with Don! Your television for the next year or longer.

"Want to Quit Smoking? Try BANTRON!"

— Says Manny Paul

Amazing New Formula Helps Break Smoking Habit in 5 Days Easily and Pleasantly

Read Mr. Paul's True Story!

Manny Paul is a well-known Chicago television art director. Here is what he says about Bantron!

"I am in a high tension business and I used to smoke all the time. My doctor told me that I ought to stop. Time and time again I tried. Then I would get so nervous and irritable it just didn't seem worth while.

"One day a friend told me about Bantron so I decided to try it. Bantron gave me just the help I needed. No longer did I feel that craving. And best of all—I stopped smoking without feeling irritable or nervous.

"After I had taken Bantron for five days I just didn't want to smoke any more. Now I feel just wonderful. I have got a real release from that craving. I only wish that years ago I could have found this marvelous help. I can only advise anyone who wants to stop smoking to try Bantron."

In a series of dramatic tests scientists proved that in 83% (4 out of 5) of the cases, Bantron helped men and women to stop smoking in 5 days. And here is the wonderful thing: Bantron is easy and pleasant to take. It has no unpleasant after-effects and is *not* habit forming.

Bantron was discovered in the research laboratories of a great American university. It comes in tablet form. You just take 1 tablet with water after each meal.

This new scientific formula does not work by making you dislike smoking. It does not interfere with your taste for smoking, or for anything else. Smoking establishes a craving in your body—Bantron helps relieve that craving. Because of this, many people use Bantron to help them cut down smoking.

We Guarantee Results

Purchase one box of Bantron and take as directed. If you feel Bantron has not helped you stop or cut down smoking within 5 days, just send us the empty box and we will refund your full purchase price.

Bantron is recommended to the thousands of men and women who can benefit from stopping or cutting down smoking. If your doctor advises you to stop smoking, try Bantron.
