RESISTAL
AN AMBLER
ASBESTOS PRODUCT

A specially prepared Asbestos Board designed to withstand unusual and severe conditions.

It is a waterproof product capable of withstanding high temperatures, extreme moisture and severe climatic conditions. It is very resistant to chemical fumes, gases, etc.

The pleasing appearance and remarkable resistance of RESISTAL make it a desirable material for construction in Chemical Laboratories.

Standard size sheets 42" x 48" and 42" x 96", thicknesses $\frac{3}{16}$ " to 2" inclusive; can be supplied with natural finish, or polished.
