Here's a guide

to successful color in house painting

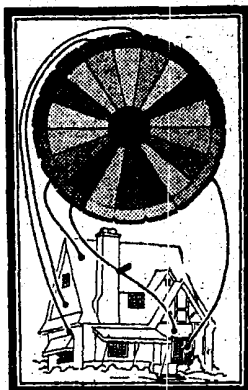

It only takes a little guidance to use color on the outside of your home as effectively and successfully as you do inside. Such a guide is the B-H Exterior Color Harmony Selector—it takes all the color guesswork out of house painting. Imagine this house painted warm tan and light ivory with a metallic brown roof, cascade blue trim and touches of purple in awnings.* This color combination was chosen from the Selector as one of several suitable schemes for this type of house, using Stucco Coatings and B-H brand Prepared Paints.

Made of the best materials, these paints are tempered to Western climates. And because they are ready mixed you can specify paints and colors as they appear on the Selector so definitely that your master painter will get exact and expected results. Also he has both the skill and equipment to give expert service.

Whether or not you are ready to paint, the Selector and its companion booklet "Harmonious Exteriors" are of immense value and interest to you. They are real guides to house painting and are full of practical suggestions. Use the coupon below and be sure to give the name of your paint dealer.

day followed demands for improvement clubs and organizations that definite steps toward solving this city and drainage problems. resolution was introduced by Commissioner Parker and was adopted unanimously.

Part of the issue was to carry out the most recommendations of the new street plan, which was out by Harland Bartholomew planning expert, and under the auspices of the city way and traffic commission.

Sixteen projects, the most of which is too great to be special assessments, were included according to plan. Among these projects were widening of East Twelfth and its extension to San Francisco and construction of a cross-town artery from Twelfth street at Eighty-ninth to San Pablo at Thirty-seventh street.

NEW THOROUGHFARE TO BERKELEY PLAN

According to plans of the council, it is proposed to Moss avenue and other present turns and grade street in Oakland will be with Sacramento street to provide a new thoroughfare San Pablo avenue.

The Twelfth street drive will be definitely solved by East Fourteenth street locating Twelfth street provide two two-way streets the car lines in the pedestrian underpass to Municipal Auditorium.

A large project in East by which Hopkins street connected with Bancroft San Leandro, also is Twenty-second street widened and opened to Key Route Inn property.

AMOUNT BASED ON COMMISSION REPORT

The amount allocated for drainage sewers is based on report of the commission on station and drainage, submitted. The report outlines urgently needed projects approximately \$8,000,000. Commission, appointed in 1919, posed of Professor Charles of Stanford University, Lee, chief of division of the state of California, Harold F. Gray and George A. Gray, city engineer. An engineering study of the city and drainage needs of the city has been under way, it was the last two and a half years; investigation was begun the floods of 1926.

The resolution outlining the issue recited that public and necessity demand improvements and that the great to be paid out of the revenue of the city. The will be followed by an election calling the election for the program in the PARKER MAKES STATEMENT TO COUNCIL.

Parker, in submitting the proposed bond issue, offered council the following statement: "I am submitting to you a preliminary resolution that public interest and demand the improvement of the city in a proposed bond issue election for \$8,000,000 of said to be expended in the city of sewers in our city, approximately \$7,500,000 to be applied to the opening and widening of major street projects and \$500,000 to provide funds to
