Mr. Walter A. Hamilton
U. S. Department of Commerce
14th & Constitution Avenue, N.W.
Washington, D.C. 20230

Dear Walter:

Wink Corey has told me about your excellent cooperation in arranging for us to officially publish our PCB production figures.

If anything should come up through Don Burnham's group regarding PCB and electrical equipment, I hope you will keep us plugged in. Of course, this is a combined chemical as well as an electrical problem.

Sincerely,

CHS

cc/W. R. Corey
