Re: NPDES Permit No. KY0024279
Compliance Evaluation Inspection Report

Dear Mayor Justin Wren:

The U.S. Environmental Protection Agency, Region 4 inspected the Lynch Wastewater Treatment Plant located at 217 West Main Street, Lynch, Kentucky, on October 26, 2022. The objective of the inspection was to assess the permittee's compliance with the Clean Water Act and the National Pollutant Discharge System (NPDES) permit. The inspection results have been summarized in the enclosed Compliance Evaluation Inspection report.

The EPA appreciates your cooperation. If you have any questions about the inspection report, please contact Mr. William Joyner at 404-562-8795 or via email at joyner.william@epa.gov.

Sincerely,

Sayre, Dennis
