Asbestos Textile Institute
c/o Aston Hill Mfg. Co.
Philadelphia 29, Pa.

For previous correspondence, see
folder titled Asbestos Textile Inst.
(in project file) - DH

Dear Mr. Holmes:

Thank you for your letter of March 15 in reply to our
proposal for an environmental survey for the Asbestos Textile
Institute.

In connection with your interest in a proposal on a study
of the relationship of asbestosis to cancer, we would like to suggest that
a conference be held at our headquarters here at Mellon Institute.
We feel further that it would be desirable to have such a meeting at
as early a date as possible.

Accordingly, if Wednesday, March 21st or Thursday the
22nd are satisfactory for you, we would appreciate your wiring us
or 'phoning us to that effect.

You will note that I am sending a copy of this letter to
Mr. Jackson for his information.

Sincerely yours,

C. Richard Walmer, M.D.
Managing Director
