BETHESDA, MARYLAND

July 23, 1943.

Dr. Robert A. Kehoe,
Kettering Laboratory of Applied Physiology,
University of Cincinnati College of Medicine,
Eden Avenue,
Cincinnati 19, Ohio.

Dear Doctor Kehoe:

Thank you very much for your letter of July 20, 1943,
with the enclosed copy of your letter to Dr. Kurz.

I have no particular preference for a convention city
for the 1944 meeting, but feel that St. Louis is probably
as good a choice as any. If the sentiment is in the
direction of St. Louis, then I am sure that there will be
no difficulty in persuading the Executive Committee of
the Governmental Conference accordingly.

You may therefore record me as an officer of both the
Governmental Conference and the American Industrial Hygiene
Association as favoring St. Louis for next year's meeting
if that seems to be the desire on the part of some of the
other officers, especially those in the American Associa-
tion of Industrial Physicians and Surgeons.

Sincerely yours,

J. J. Bloomfield

J. J. Bloomfield, Sanitary Engineer,
Chief, States Relations Section.
