My name is Cheryl Woodward and I will assist you in the logistics for your meeting at EPA on today at 1:45 pm. The instructions/directions to EPA is below and if you have any questions please contact me. Look forward to seeing you all.

**Directions:** If you come by Metro, the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and then do a small U-Turn to the right heading toward 12<sup>th</sup> street, the North Lobby entrance is directly and immediately to your left (Glass Doors -EPA Signified on Glass).

EPA address is 1200 Pennsylvania Avenue, NW. If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, which is between 12<sup>th</sup> and Constitution Avenues. It is almost exactly half way between the two avenues on 12<sup>th</sup> street and the Federal Triangle Metro sign can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the **South Lobby of the William Jefferson Clinton building.**

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Sydney,

Could you please assist us with setting up an introductory meeting between the Administrator and IPAA's President and CEO, Barry Russell? We have several items affecting independent oil and natural gas producers that we'd like to identify and offer our assistance as EPA seeks to address them.

Feel free to reach out to Lee Fuller (cc'd) or myself with any questions. We thank you in advance for the consideration of this request.

Best,

Sam
