SUBJECT: FDA STATUS GEON 86352-141

All of the ingredients in Geon 86352-141 have FDA clearance for use in food contact articles. However, the compound itself does not have clearance for use in contact with food. Rhodiastab 50 is limited to clearance in PVC homopolymers modified in accordance with 178.3790 (b)(1) "Polymer Modifiers In Semi-rigid and Rigid Vinyl Chloride Plastics".

Geon 86352-141 is a flexible compound and consequently does not meet the limitation.
