

VC 5.2.0

HOW YOU BENEFIT FROM SHERWOOD MULTICLIENT STUDIES

- All Studies Are Based Primarily on Field Work. ~~They Are Based Primarily on Field Work.~~
- Each Sherwood Report is Based on Expert Knowledge of Commercial Aspects of the Particular Field Covered.
- You get Specific Leads to Raw Materials Sources and Markets.
- The Studies Provide Mainly Hard-to-Get Commercial and Economic Information and Emphasize New Opportunities for Your Company.
- Reports are only Released if they meet the High Standards of Peter Sherwood Associates, Inc.
- The Studies are a Low-Cost High-Quality Check on Your Internal Data.
- You Obtain Views and Information From Our Many Expert Sources, Organized Into a Time-Saving Report.
- Prices Are Low to Achieve Volume Sales. Typically, the price of one major Study equals the cost of 2-5 man-days' work, less than 2-3% of expert time actually applied.
- All Reports May be Inspected at Our Offices Prior to Purchase. Sample Pages are Available from Several Reports.
- You Need Not Subscribe to a Whole Series of Reports to Get the Particular Study You Want.
- Subjects Covered are Geared to Chemical Developments with Greatest Profit Opportunities.
- Second copies of the same report for Inside-Company Use are Available for \$50/volume.
- If You have any Questions After Reading Our Brochures, please check with us directly.

SEVERAL HUNDRED OF THE WORLD'S LEADING CPI COMPANIES USE SHERWOOD STUDIES.
