Good morning McKie,

I'm well and I hope the same for you. How about talking this Friday at 4pm? Thanks.

Aurelia Skipwith

I hope things are going well for you. Pioneer Natural Resources is a client of ours. They are also a member of the Texas Conservation Plan for the dunes sagebrush lizard. If you would give me a call, I would like to discuss the possibility of having a meeting to discuss the lizard situation. The article, linked here, <https://www.texastribune.org/2017/08/14/comptrollers-office-oilfield-suppliers-threatening-dune-sagebrush-liza/>, is a pretty accurate account.

Pioneer works closely with Robert Gulley, the head of the comptroller's Division of Economic Growth and Endangered Species Management, mentioned in the article. He is the author of the letter of concern sent to USF&WS last week, and Pioneer would like to bring him and representatives of a number of other responsible, affected companies to discuss the situation more fully.

Feel free to call on my cell anytime.

Thank you,

McKie
