Paint Now—Pay Later

There is no need for delaying the needed painting or redecorating in your home. This can be done NOW and you can pay for it in convenient monthly payments over a twelve or eighteen-month period. No down payment required. Our plan includes material and labor. You may have the work done by the painter who has been handling your work previously or we can recommend good craftsmen to you.

The cost of the Budget Payment Plan is low—regular F.H.A. rates. With this liberal plan available there is no need to deny your family the satisfaction and pride of living in a well painted and decorated home. Don't forget that a good paint job not only enhances the value of the property but protects it against decay and rapid depreciation. Come in and let us explain the details of this plan to you.
