Jackson,
I forwarded your request to the Secretary's scheduler. Sorry for the delay.

Thanks,
Scott

Scott,

I hate to bother you with this question, but we are having trouble getting in touch with Secretary Zinke's scheduler. We reached out to a few folks late last week and called yesterday and today to request a meeting tomorrow for the Navajo Nation President.

When you have time, and if you know the person, can you send me Secretary Zinke's scheduler's info? If you do not have it handy, please don't worry, and don't spend much time on the issue. We will keep calling and I'm confident we'll get in touch with his folks.

On a separate note, we are still interested in hosting the April 12 meeting in Arizona. If Flagstaff is a bit far for folks to travel, President Begaye suggests to have the second meeting in Phoenix, which is still closer to the site and many of the players. However, if you're already far along on the DC planning, we will work with it.

Much thanks,

Jackson
