PLEASE ADDRESS REPLY TO

ATTENTION OF THE UNDERSIGNED

January 8, 1931.

Dr. Robert Kehoe,
Kettering Laboratories,
University of Cincinnati,
Cincinnati, Ohio.

Dear Dr. Kehoe:

In connection with a study "Medical Care of Industrial Workers", we are interested in the work of organizations that provide medical services for groups of industrial establishments. Our conception of the functions of the Kettering Laboratories is not clear, and we should appreciate it very much if you would send us a description of your activities. Perhaps you have printed matter which would serve this purpose.

Does your work embrace more than research work, for example, actual medical service in individual plants? The research aspect is of interest to us also, especially the types of problems that are studied.

Your courtesy will be appreciated.

Very truly yours,

NATIONAL INDUSTRIAL CONFERENCE BOARD, INC.
