

September 25, 1957

Dr. Joseph F. Treon, Toxicologist
Chemical Research Department
Atlas Powder Company
Wilmington 99, Delaware

Dear Joe:

Thank you for your letter of September 24. I am going to see Mr. Sendroy on Tuesday afternoon, October 1. I will check further with him as to how he intends to refer to the results described in your preliminary report.

In spite of the carbons to Dr. Kehoe, I have not heard from him. Perhaps since I didn't ask for direct comments he felt none were necessary.

I will not be able to take advantage of your kind invitation to visit Wilmington; as usual, this is a "hurry-up" trip with stops in Washington Tuesday afternoon and Wednesday morning and appointments in New York Wednesday evening and Thursday. I will sure try to work out something on the next trip.

Best regards to your family.

Sincerely yours,

Elmer P. Wheeler
Assistant Director
Medical Department
