

Control Possible

RIVERSIDE—A solvent has now been found to dissolve the toxic substance, rotenone, in petroleum oil, making possible the control of black scale on citrus trees with sprays containing low oil dosages, according to Dr. A. M. Boyce and J. F. Kagy of the University of California citrus experiment station.

The solvent, one of the most promising of a number tested, is known as 2-(4-tertiary-butylphenoxy) ethanol. It is expected to prove of considerable importance in controlling black scale where fumigation and full dosages of oil are not desired.

Black scale is one of the most important insects attacking citrus in California. Rotenone, an ingredient of the roots of various tropical plants, will control the scale when used as the powdered root in sprays containing about 1 percent oil. However, there is need for effective sprays containing less than this amount of petroleum oil.

Want "in" on next year's

"Big News" Now?

Buick prices begin
at
\$895
for Business Coupe
(Illustrated)

WHEN BETTER AUTOMOBILES
BUILT BUICK WILL BUILD THEM

YOU can figure it out for your-
self from what you see in daily
traffic and what you hear when the
talk turns to automobiles.

Buick's pacing the pack. Has been
for several years.

It called this year's style turn a
year ago. It set current perform-
ance standards in '38 with its Dyna-
flash engine. It still leads the crowd
for riding qualities with its BuicCoil

Springing, now in its third year.
So where's a more logical place to
look for next year's "big news" than
in this year's big and roomy Buick?

It may be smoother engines. Buick
is the only car that now balances
power plants after assembly.

Coil springs all around may come.
Buick's never need lubrication, are
practically indestructible, and even
cut down skid-risks.

Maybe it'll be heavier frames
— Buick has the heaviest of
any car of its price. Or maybe
many of the "extra touches"
Buick so freely applies—
safety-latches on rear doors
and Two-Way Direction Sig-
nals with automatic cut-off.

You get all of these things now
Buick.

Get them with the *plus* of Buick
quality of materials and workman-
ship—get them at a price that sug-
gests a six instead of an eight.

So it's easy to start enjoying futur-
"new features" right now.

Just go *try* a Buick. Look it over
inside and out. And get the *price*

Even if you've been buying in the
lowest-price field you'll find it take
less than you think to step up to
Buick. Prices begin at \$895 * de-
livered at Flint, Mich.; transporta-
tion based on rail rates, state and
local taxes (if any), optional equip-
ment and accessories—extra. Price
subject to change without notice.

You get a "Good Deal" Two
Ways from Your Buick Dealer

A good "deal" when it comes to old-
car allowances—and a whole of a lot
of automobile in your new Buick. See
your dealer and find out for yourself.

"Best buy's Buick!"
