Subject: Corrected- In the News: Electricity Savings and Tariff Troubles

Energy Roundup

Affordable Clean Energy Rule Unveiled

On Tuesday, the EPA released the Proposed Affordable Clean Energy Rule, the long-awaited replacement to the Obama Administration's Clean Power Plan. Take a look at our latest blog: [Seven Ways EPA's Affordable Clean Energy Rule is a Better Approach than the Clean Power Plan](#) which highlights key differences between the two rules.

Tax Reform & Your Electricity Bill

In case you missed it, last week GEI released a new analysis on how the Tax Cuts and Jobs Act of 2017 is helping to lower electricity rates for customers across the United States. Read the whole report [here](#).

The data was obtained from the public domain and is not intended to be used for any other purpose.

The Trouble with Tariffs

Tariffs are inflicting harm on the American economy and will continue to do so unless the administration changes course. Check out this interactive map to learn how businesses in your state are being harmed by the emerging trade war. View the map [here](#).

The data was obtained from the public domain and is not intended to be used for any other purpose.

The Latest on Social

House Speaker, Paul Ryan, tweeted about GEI's recently released analysis on electricity cost savings due to the 2017 Tax Cuts and Jobs Act.
