Please refer to Mr. McCaskill's letter of June 12, 1963 to Mr. F. E. Datcher, Johns-Manville, advising J-M of a 36½ cents/cwt. charge on all gypsa wall-board shipped out of the Bestwall Wilmington Plant in excess of 3,600,000 square feet on a 3/8" basis each month.

Please discontinue showing this charge on J-M invoices immediately.

This will have the effect of not having any such charges for the month of August, 1963 nor in any future month.

We know of the deductions made by J-M for such charges in June and July. After the matter of extra costs at Wilmington incurred in stocking and reshipping Akron board has been settled with J-M, proper adjustments will be initiated to clear the accounts' records.
