FOR TECHNICAL SERVICE

NUMBER:	69710
GROUP:	ICG
ACTUAL COST:	\$50.00
REPORTING DATE:	July 24, 1981

SUMMARY and RESULTS:

One dust sample, taken from the fireproof lining of cabinets in legal department, was received for fiber identification. Due to the limited sample that was supplied, the results aren't conclusive. However, cellulosic fibers and glass fibers were seen under a phase contrast microscope at 430X.
