Dear Friends:

Enclosed are copies of the proposed Forms A and B, "Trade
Named Products Ingredient Clarification," along with their
supporting statement, submitted by the Department of Health
and Human Services under the requirements of the Paperwork
Reduction Act to the Office of Management and Budget for
clearance decision.

We expect OMB to act on these proposals shortly, so we are
sending them for your information and possible comment.
Should you wish to comment, please do so as soon as possible.

If you believe you may be interested in filing comments,
the OMB reviewing official (desk officer) Fay Iudicello has
asked that you call her next week at (202) 395-7316.

Also, we are not sending you Appendix A, the pamphlet "NIOSH
Sensitive Data Security Program," as it is probably already
available to you.

Very truly yours,

David

David M. Marsh
