Thanks Sydney. Would something later in the day on June 19<sup>th</sup> work for the Administrator? Our executives will be flying in from around the country, and we're a little worried about being able to get them all in town that early on a Monday morning. If later on the 19<sup>th</sup> doesn't work, how about June 20<sup>th</sup>, 26<sup>th</sup>, or 29<sup>th</sup>?

Thanks for all your help in getting this set up.

-Mike

Actually, would we make that 10:15?

Perfect!! How about June 19<sup>th</sup> at 10:30AM? Is that doable?

Thank you Sydney. We are flexible with a potential date of the meeting. Would June 19<sup>th</sup>, 20<sup>th</sup>, 26<sup>th</sup> or 29<sup>th</sup> work for the Administrator? We will ensure that it will be top-level executives from engine manufacturers who will be in attendance. Please let me know if one of these dates would be workable. Thank you.

Good afternoon Mr. Pasko,

Hope you're doing well! I would be happy to facilitate the below request. Looking at those days I might not be able to make a meeting with the Administrator happen though. Would you be interested in a meeting with Senior Staff?

Thank you!

**Subject:** Meeting Request: 06/21-06/22, Marine Engine Manufacturing Executives

Good afternoon,

I'm with the National Marine Manufacturers Association (NMMA). Earlier this week, NMMA and coalition partners sent the attached letter/petition to Administrator Pruitt. It had the support of over 26,000 recreational boaters and anglers across the country who are calling for RFS reform.

**NMMA will have a group of marine engine manufacturing executives in town June 21-22, and we would like to request a meeting with Administrator Pruitt. Our industry's executive leadership would welcome the opportunity to discuss fuel policy and the RFS with the Administrator.**

Please let me know what might be workable.

Thank you.
