Subject: RE: synthetic turf toxicity

Chris, for attribution to "an EPA spokesperson," please:

Our researchers finished collecting samples at the end of October and are currently conducting analysis. EPA expects to release a report in 2018.

If you would like to be notified when the report is released, you may sign up on our website: <https://www.epa.gov/chemical-research/federal-research-recycled-tire-crumb-used-playing-fields>

The sign-up is towards the bottom of the page on the right side, under the box marked "Related Links."

Cheers, R.

Good afternoon Chris and thanks to Tricia for forwarding.

Chris, who are you writing for and when's your deadline? Are you writing a short blurb or a long-form piece?

Happy to discuss as needed.

Regards, R.

Hi Christopher—

I believe you'll want to speak with my colleague, Robert Daguillard, whom I've copied here for your convenience.

Thanks so much,

Tricia

Tricia,

Are you the contact person for the synthetic turf research issue?

<https://www.epa.gov/chemical-research/federal-research-recycled-tire-crumb-used-playing-fields>

Federal Research on Recycled Tire Crumb
Used on Playing ...

www.epa.gov

Ground rubber is recovered from scrap tires or from the tire retreading process. It is used in road construction and in athletic and recreational applications,like ...

I want to get an update on when the next report is scheduled to be released.
Thank you in advance.

Sincerely,
Christopher Calnan
Boston
