Gentlemen:

Reaffirmation of Z66.1-1964 - Specifications to
Minimize Hazards to Children from
Residual Surface Coating Materials

At the December 12, 1969 Meeting of the Z66 Standards Committee, Home Hazards to Children, upon motion by Mr. R. Higgons, it was voted that a letter ballot for the reaffirmation of Z66.1-1964 be taken at the earliest possible opportunity.

Preparatory to doing the aforesaid, Dr. J. Arena, Chairman of Z66, suggested that in consideration of the elapsed time, it may be wise to review the Z66 personnel and subcommittees.

Please reply and indicate your interest in participating in the activities of Subcommittee 1 by March 16, 1970.

Very truly yours,

J. Morales
