Re: *Ross, et al. v. Conoco, Inc. et al.*

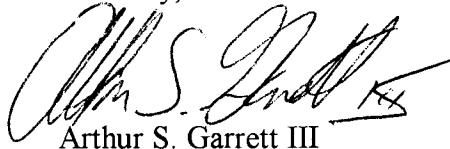

Dear Mr. Baggett:

Pursuant to the Court's January 11, 2000 Order overruling The Society of the Plastics Industry, Inc.'s ("SPI") objections to the special master's recommendation on claims of privilege, we are forwarding you all of the documents contained in SPI's privilege log with the exception of documents SPI-08120, SPI-0822-0829 which reflect attorney work-product.

We are also forwarding to you an additional document we came across during our work on this case. We are not sure whether this document has been produced so out of an abundance of caution we are attaching document SPI-12593 to SPI-12634.

Please give me a call if you have any questions.

Sincerely,

Arthur S. Garrett III

Washington, D. C. 20036

Dear Peter:

This is in response to your letter of October 31 relating to Vinyl Institute Affiliate Membership. As we discussed in Chicago on Tuesday, I would like to have the affiliate member class broken down as follows:

Affiliate Member - Class A - Affiliate membership-Class A shall be open to any member company that fabricates PVC products by such methods as extrusion, calendering and molding.

Affiliate Member - Class B - Affiliate membership-Class B shall be open to any company that manufactures adjuvants or other raw materials that are used in fabrication and compounding of PVC such as plasticizers, stabilizers, lubricants, fillers and processing aids.

As I mentioned to you, I would prefer to have these two classes of affiliate membership as this will allow us greater flexibility in establishing separate membership fees for these two categories. I believe that this will be necessary in order to attract members in both of these groups.

With these changes, could you please have the proposed amendment reworked and provided to me fairly promptly so that it can be on the Agenda for the December 6 Board Meeting.

Thank you for your help.

Sincerely,

Roy T. Gottesman
