FROM Jonathan Berger
LOCATION Legal Department

cc Mr. J. Butler
Mr. P. Campagna
Mr. S. B. Feuer

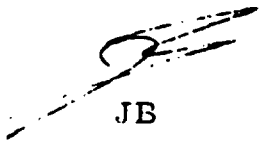

SUBJECT:

I attach a copy of a letter from L. B. Everett Associates setting forth a proposal to the Asbestos Information Association of North America for the development of a satisfactory bulk container for shipment of asbestos.

Mr. Everett called the other day to advise me that he had had prior communication with and had originally sent a copy of this letter to Paul Weiner. I could find no evidence of receipt of such letter in our files, however, and accordingly asked Mr. Everett to send me another copy.

Do you know anything about this proposal and whether it has been reviewed by any of our people?

JB:ms
attach.
