

INDEX

<u>Accident(s)</u>		<u>Books, continued</u>	
aeromedical factors of Titan II ICBM support	523	ultraviolet radiation hygienic guide	432
prevention in agriculture	521	<u>Burns</u>	
sudden illness as cause in motor vehicle operation	522	post-burn cooling	453
		preventing cross-contamination	454
<u>Actinometer, for air pollution studies</u>	510	<u>Cancer, lung</u>	
<u>Agriculture, accident prevention</u>	521	exposure to motor exhaust fumes in tunnels	448
<u>Air analysis</u>		<u>Carcinogens</u>	
chromatographic analysis of polynuclear hydrocarbons	498	benzo(a)pyrene extractable from coal	462
determination of chlorinated hydrocarbons	497	n-nitrosodimethylamine	465
<u>Air cleaners, use of packed beds</u>	508	<u>Cesium-137, distribution after endotracheal administration</u>	490
<u>Air pollutants</u>		<u>Chlorinated hydrocarbons, determination in air</u>	497
hydrocarbons in Pittsburgh air	515	<u>Chromatography</u>	
<u>Air pollution</u>		analysis of polynuclear aromatics	498
control		charcoal sampling tubes for organic vapors	496
agricultural burning	514	<u>Cold (low temperature), evaluation of protective clothing and equipment</u>	507
at Cominco's Kimberly operation	512	<u>Color vision, use of chromatoscope</u>	442
in Pennsylvania	516	<u>Computer, role in air pollution control</u>	513
role of the computer	513	<u>Cosmonauts, oculomotor activity</u>	440
effects on certain species of pine measurement(s)	511	<u>DDT, in Pittsburgh air</u>	503
actinometer for photochemical studies	510	<u>Decompression illness</u>	
public awareness in St. Louis	517	effect on central nervous system	480
<u>Air sampling, more rational basis for</u>	495	shortening time	479
<u>Alertness management in industry</u>	519	<u>Diving</u>	
<u>Altitude and athletic performance</u>	481	alternobaric vertigo	477
<u>Analysis, charcoal sampling tubes for organic vapors</u>	496	decompression by breathing mixed gases	479
<u>Asbestosis, association with mesothelioma</u>	471	effect of immersion on intrapulmonary pressure	478
<u>Atherosclerosis</u>		examination for underwater work	439
planimetric study of lesions	446	<u>Dust(s), preparation of standard for calibration</u>	476
<u>Automobile, sudden illness as cause of accidents in operation</u>	522	<u>Dust sampling, samplers</u>	
<u>Aviation, psychiatric and psychological problems in commercial</u>	437	errors due to anisokinetic sampling	475
<u>Bacterial contamination from shower bathing</u>	434	ratio between projected area diameter and equivalent diameter	474
<u>Benzene</u>		<u>Epilepsy, prognosis of patients</u>	447
inhibition of oxidation by certain anti-oxidants	467	<u>Epoxy resins, hazards and their control</u>	470
poisoning, treatment with vitamins	466	<u>Exhaust gases, automotive engines</u>	
<u>Benzo(a)pyrene, extractable from coal</u>	462	emissions of polynuclear hydrocarbons	504
<u>Books</u>		lung cancer in tunnel police officers	448
current medical terminology, 3rd ed.	431	<u>Eye, chromatoscope for testing color vision</u>	442
dangerous properties of industrial materials, 2nd ed.	430	<u>Fallout, uptake by field crops</u>	494
		<u>Farmer's lung</u>	
		and, fog fever	472
		prescribed occupational disease in Great Britain	473
