DOCUMENT DESCRIPTION: Letter to C.M. House from R.W. Seniff RE II
Occupational Diseases Act

RECEIVED

MAR 2 1938

Bloomington, Illinois
Feb. 28, 1938

U.S. DEPARTMENT OF
LABOR

Mr. C.M. House:

Referring to your letter of Feb. 24, 1938 concerning the Illinois Occupational Diseases Act, and attached copy of drawing T-1335-A from the Indian Harbor Belt Co., showing soaking vat block lagging, the purpose of which is to reduce asbestos dust hazard.

This soaking vat is practically the same thing which is now being used in Bloomington locomotive shop. The soaking vat in the Bloomington shop meets all the necessary requirements for wet lagging.

R.W. Seniff
