FEDERAL TRADE COMMISSION
Docket No. 4613 COMMISSION'S Exhibit No. 183
IN THE MATTER OF Acme Asbestos
DATE 6/3/42 WITNESS
REPORTER Finn

Dear Mr. Tulloch:-

Not having received any further correspondence since November 14th, 1935, we are anxious to know if the present set-up on low pressure covering is in effect now.

The reason we ask, is that we have been following prices as you laid down and find that our competitors are not doing this. Infact, the Poewils Asbestos Company had stated that they had not received any new prices and are still quoting the old.

Please let us hear from you at once.

Yours respectfully,
THE CLARK ASBESTOS COMPANY
