Please help me out here. He wants to meet with Pruitt, mostly as a courtesy thing, as a former Republican EPA appointee himself, and now as the head of his agency. There no big “ask” or secret agenda or something. We’ve tried to set it up multiple times since the beginning of the year. He’s trying to be completely flexible on the timing. If there is some other reason for not meeting, you need to tell me...like if it’s a “California” thing, or a “political” or a “policy” thing or whatever...he can handle that. But otherwise, he’s going to keep asking. Can we take a look at Dec. 4-7 or Dec. 11-14?

Sorry for any inconvenience here. Appreciate your help as always.

Pruitt will be traveling.

I can meet with him or our new AA for air can, but I just don’t see this coming together. I’m sorry about that.

Ryan,

Let's try again with Wayne Nastri of South Coast Air Quality Management District.
Brief meeting with the Administrator.

Here are possible date windows that would work: Nov. 13-17, Nov. 27-30, Dec. 4-7.
Will work with you to make it an easy positive meeting. Appreciate if we can put something on the calendar.

Thanks,

Gary

Ryan,

Hope all is good. I would like a little advice. Siemen's executive management team is in DC the afternoon of June 27. I believe that Administrator Pruitt has a meeting request for this group. Can you advise me if you need anything from us? And who we should be in contact with to track the potential of a meeting. Thanks. Sorry to be a pest!

Jim

Ryan, the members of ACC's Health, Products and Science Policy Committee (our industry's TSCA experts) will be in town on June 27 for their annual planning meeting. The group will be meeting for drinks and dinner on June 27, 2017, starting at 6 p.m.. We would like to invite you to address the group with remarks beginning at 6:30 or so. I hope you will be able to join us – I know the member companies would value having the benefit of your perspective. I expect about 30 member company representatives to attend. If you can join us, please let me know. Thanks very much and have a good weekend. Mike

Justina, I wanted to introduce you to Dr. Steve Koonin formerly with DOE and now the NYU. Dr. Koonin will be working with the Agency to assemble teams of science advisors to work through a climate change initiative. He will likely contribute his time pro bono, but I wanted to ensure that he's spoken with you on the terms of this project and work through any conflicts.

Justina, I'll provide you additional information when we speak today on this project.

Thanks all.

Ryan.

Ryan,

I am following up on this, to see whether Administrator Pruitt is considering accepting the invitation (below) to Administrator Pruitt to be the Keynote Speaker at the May 18 meeting in DC of the ABA Section of Litigation, Environmental and Litigation Committee. As mentioned, I would be happy to facilitate this.

I look forward to hearing from you on this.

I trust you are doing well.

All best.

Andy

Ryan,

Attached is the information I mentioned the other day regarding the invitation to Administrator Pruitt to be the Keynote Speaker at the May 18 meeting in DC of the ABA Section of Litigation, Environmental and Litigation Committee. Jim Price, the fellow who wrote the memo to me, is my law partner, a highly regarded environmental lawyer, a good person, and one of the leaders of the Committee. He made clear to me that they would set up the meeting to suit your preferences (e.g., however long you would like, questions, no questions, etc.).

I would be more than happy to facilitate this, if you would like. Please let me know your thoughts.

All best.
